Claims 5-14 are class 123/25⁺ but there is a non-classification issue raised by SPE Denion.

improper restriction. Claims 1-4 alone would be class 261 but are claimed in conjunction with 5-8. Class 429 has admitted to claim 15⁺ being 425 return to the originating art unit for correction

applicant stated that claims 1-8 for a gas induction or supply system was 1700. Nothing in those claims for 429 or 425

Based upon the above comments, please consider cl. 429 or 425

Re SPE of 429 brought this case to me. I have referred it for 1700 which includes 429 & 425.

Re restriction needs to be corrected. See 447.
